

Cheval

**Insurance Services, Inc.
Equestrian, Sports, Recreational and More
email completed application to info@chevalinsurance.com**

This is an application for dog trainers liability. It is available to trainers who do mobile or single location training in the areas of obedience and agility only. No coverage can be offered if you do protection dogs or Schutzhund or similar training. If you have not had insurance before, you must provide a resume or letter outlining your experience in the field and any management experience you have in any field. Coverage may not be provided if you do not have at least 2 years' prior experience somewhere.

Effective Date Desired

Years Experience in this field of business

Year you started this specific business

Describe management Experience
including # of years and in what businesses

Number of Employees

Will you be needing a quote for Workers Comp for your staff?	Yes
	No

Liability Coverage Options

General Liability Limits and Aggregate	\$1,000,000/\$2,000,000
	\$2,000,000/\$4,000,000

Policy will include coverage for personal/advertising liability and limited care, custody and control for dogs you handle for others. Additional business coverage per policy forms. Ask if you have questions.

This policy will be a Business Owner's package including general liability and property coverages in one policy. Even if you do not require the building you base from to be insured, we will need the building information below for that building. You must also apply for at least some Business Personal Property coverage (your tools, equipment and furnishing directly related to your business operations). We suggest at least \$1,000 for Business Personal Property and \$250 deductible but you must choose what is best for your operations.

Property Coverage Options and Information - if you operate out of multiple locations, complete extra pages for each one.
